FM Radio 90.1 means alot to me, the music is alternative Chistian Rock. I'm 39 and like to hear something a little more hip! Air 1 has saved many lives in many ways. They pray for you and everything!!!! It inspires many in our communities to do the right thing. In God We Trust, the God of your understanding is an important God to know! He has changed my life for the better believe me, and so has Air 1. Thank you Air 1. Love Brooklyn
